Calculate your year card by adding your birth month, your birth day, and 2013. Reduce this number to a number between 1 and 22. That's the corresponding Major Arcana card for you this year.

For example, if your birthday is December 5, 1965:

$$12+5+2013=2030$$

$$2+0+3+0=5$$

What patterns or trends do you see for the year?

Are there many cards of the same suit: wands, cups, swords or pentacles?

Are there lots of people cards? Major arcana?

What's your overall impression looking over the cards?

Which card jumps out at you right away?

What story can you weave among the cards?
